CONSTRUCTION PERMIT

PERMITTEE

Accurate Coatings & Dispersions, Inc.
Attn: James L. Valukas
192 West 155th Street
South Holland, IL 60473

RECEIVED
JUN 05 1995

REGULATION DEVELOPMENT BRANCH
U.S. EPA, REGION V

Application No.: 95040080
Applicant's Designation: PLANT 2
Subject: Grinding Mills & Tanks
Date Issued: May 24, 1995
Location: 15530 LaSalle Street, South Holland

I.D. No.: 031297ACR
Date Received: April 17, 1995

Permit is hereby granted to the above-designated Permittee to CONSTRUCT emission source(s) and/or air pollution control equipment consisting of 2 Eiger mills, 4 high speed dispersers, and 6 stationary blending tanks as described in the above-referenced application. This Permit is subject to standard conditions attached hereto and the following special condition(s):

- 1a. Emissions and operation of the 2 Eiger mills, 4 high speed dispersers, and 6 stationary blending tanks shall not exceed the following limits:

<u>Material</u>	<u>Usage</u>		<u>VOM Emissions</u>	
	<u>(ton/mo)</u>	<u>(ton/yr)</u>	<u>(ton/mo)</u>	<u>(ton/yr)</u>
Product Solvent, Non-water	80	760	0.4	3.8

- b. Emissions and operation of the paint manufacturing plant shall not exceed the following limits:

<u>Material</u>	<u>Usage</u>		<u>Recovered</u> <u>(%)</u>	<u>VOM Emissions</u>	
	<u>(Ton/Mo)</u>	<u>(Ton/Yr)</u>		<u>(Ton/Mo)</u>	<u>(Ton/Yr)</u>
Product Solvent, Non-Water	406	4,000	---	2.0	20.0
Clean-Up Solvent	5	42	90	0.5	4.2

- c. These limits are based on maximum annual solvent usage and standard emission factors including an emission factor of 0.5% of solvent used in manufacturing is emitted.
- d. Compliance with these limits shall be determined on a monthly basis from the sum of the data from the preceding 12 months.

2. This permit is issued based on negligible emissions of particulate matter from pigment loading into equipment controlled by dust collector. For this purpose, emissions shall not exceed nominal emission rates of 0.1 lb/hour and 0.44 ton/year.
- 3a. The Permittee shall maintain monthly records of the following items:
 - i. Name and usage of all product solvents (lb/month and lb/year)
 - ii. Name and usage of all clean-up solvents (lb/month and lb/year)
 - iii. Recovery and/or disposal of all clean-up solvents (lb/month and lb/year)
- b. The records required by Condition 3(a) shall be retained at a readily accessible location at the plant for 3 years from the date of entry and shall be made available for inspection and copying by the Agency upon request.
4. The Permittee shall comply with operating, maintenance, and monitoring requirements specified in and pursuant to 35 Ill. Adm. Code 218.624-218.630.

If you have any questions on this, please call Robert Bernoteit at 217/782-2113.

**STANDARD CONDITIONS FOR CONSTRUCTION/DEVELOPMENT PERMITS
ISSUED BY THE ILLINOIS ENVIRONMENTAL PROTECTION AGENCY**

July 1, 1985

The Illinois Environmental Protection Act (Illinois Revised Statutes, Chapter 111-1/2, Section 1039) authorizes the Environmental Protection Agency to impose conditions on permits which it issues.

The following conditions are applicable unless superseded by special condition(s).

1. Unless this permit has been extended or it has been voided by a newly issued permit, this permit will expire one year from the date of issuance, unless a continuous program of construction or development on this project has started by such time.
2. The construction or development covered by this permit shall be done in compliance with applicable provisions of the Illinois Environmental Protection Act and Regulations adopted by the Illinois Pollution Control Board.
3. There shall be no deviations from the approved plans and specifications unless a written request for modification, along with plans and specifications as required, shall have been submitted to the Agency and a supplemental written permit issued.
4. The permittee shall allow any duly authorized agent of the Agency upon the presentation of credentials, at reasonable times:
 - a. to enter the permittee's property where actual or potential effluent, emission or noise sources are located or where any activity is to be conducted pursuant to this permit,
 - b. to have access to and to copy any records required to be kept under the terms and conditions of this permit,
 - c. to inspect, including during any hours of operation of equipment constructed or operated under this permit, such equipment and any equipment required to be kept, used, operated, calibrated and maintained under this permit,
 - d. to obtain and remove samples of any discharge or emissions of pollutants, and
 - e. to enter and utilize any photographic, recording, testing, monitoring or other equipment for the purpose of preserving, testing, monitoring, or recording any activity, discharge, or emission authorized by this permit.
5. The issuance of this permit:
 - a. shall not be considered as in any manner affecting the title of the premises upon which the permitted facilities are to be located,
 - b. does not release the permittee from any liability for damage to person or property caused by or resulting from the construction, maintenance, or operation of the proposed facilities,
 - c. does not release the permittee from compliance with other applicable statutes and regulations of the United States, of the State of Illinois, or with applicable local laws, ordinances and regulations,
 - d. does not take into consideration or attest to the structural stability of any units or parts of the project, and
